Before dispatching. Only dispatching the first line item (\$620 of \$1,409 total = 44%). Have a freight line for \$100, Surcharge for \$100, and misc charge line for \$100.

The screenshot displays a software interface for managing orders. At the top, there is a menu bar with options: File, Function, Edit, Query, Options, Counter Sales, and Change Warehouse on Cr Note. Below the menu bar, there is a header section with fields for Customer (1103467), Order (250-1001094), and buttons for New Order, Add Lines, Order Header, Reserve/Ship, and Type: Order. The main section is titled "Order Header" and contains a table with fields for Pick Ticket Info, Carrier, Delivery Type, Address Type, Special instructions, Customer Tag, Shipment Request, Ship Weight, Ship to address, and various other details. The "Ship to address" section is expanded, showing fields for Ship to name, Street Address 1, Street Address 2, City, State, Do Not Use, Country, Zip, Geolocation, Print Pick Ticket Now, DS Priority, LTL Waiver, and Code Blue. Below the "Order Header" section, there is a section titled "Entered Order Lines" which contains a table with columns for Line, Stock code, Description, Wareh..., Order qty, Ship qty, Reserved ..., B/o qty, and Un. The table lists six lines: 1 40502 (PROVANCE ALUMINUM ARM CHAIR), 2 40512 (DOUBLE LATTICE ALUMINUM 48" RO...), 3 40522 (DOUBLE LATTICE ALUMINUM ROUN...), 4 {Freight}, 5 {Miscellaneous} (Raw Material/International Freight S...), and 6 {Miscellaneous} (TEST).
